

## Hervé de Trogoff named as one of the leading expert witnesses in *The International Who's Who of Commercial Arbitration 2015*

London, 20 November 2014

Accuracy has the pleasure to announce that Hervé de Trogoff has been named as one of the leading arbitration expert witnesses worldwide in *The International Who's Who of Commercial Arbitration 2015*, in which only 120 international experts were selected.

**Hervé de Trogoff** is a partner of Accuracy based in London and specialises in forensic construction planning and programming, project advisory and dispute resolution.

He acts as expert witness on entitlements to extensions of time and analysis of delay, acceleration and losses of productivity on large construction and manufacturing projects across a wide range of industrial sectors. He also provides advice on project valuation, time risk management and project audits.

Hervé is a civil engineer with a background in project controls and has specific experience in project planning. His construction management experience was gained with both contractors and consultants in a number of challenging international environments. He is fluent in English, French and Spanish and has a good command of the Finnish language. Hervé has been appointed as expert witness in UK High Court litigation and international arbitration under ICC, ICSID, LCIA, UNCITRAL, CACFEDF, Swiss CCI and other ad-hoc rules, has given evidence in English and French and has acted as joint party appointed independent expert in mediations.

Hervé has a first class honours civil engineering degree and completed an MBA at the London Business School where he specialised in project finance and project risk management.
